Our Company

CCMS provides innovative and powerful automated cash management and money handling solutions. Our unparalleled experience is evident in our ability to deliver a wide selection of cost-effective solutions designed to fit each client's unique needs.

CCMS services B2B and B2C with automated cash management solutions with safes that provide on the spot guarantee of value and eliminates the on-premise risk that accompanies the handling of cash. Money handling devices, for counting of coin and notes to provide a speedy, accurate cash up environment.

Our Vision:

To continue growing our business, by best practice, being innovative and providing the best value of service to our increasing customer base.

Our Mission:

To work hard every day to make South Africa's Cash Environment a safer place.

Areas of Service

South Africa, neighbouring SADC countries and Indian Ocean territories.

Risk Free Solutions (RSA only)

When we say, "diminished risk profile to your business", we make a brand promise to our customers. We offer cash management and money handling solutions.

End-to-end Solution (RSA only)

Our Vaults are able to identify the cashiers, count and validate the banknotes that are deposited, whilst keeping record of every single transaction in real-time. With CCMS your hard-earned cash is deposited into a retail cash vault that is built to SABS Category 4. For user authentication purposes CCMS can utilise biometric, card or code readers. Cash vaults can hold between 2,500 and 10,000 notes and use high speed single and notes can be fed in any order.

CCMS manages the supply of Cash in Transit collection services, with all of the major CIT suppliers contracted with us and we offer competitive market-related rates. Cash in Transit collections are arranged to suit your specific needs in order to minimise any potential threats against your business.

Our high-tech equipment is designed with tamper-evident bags that are guarded by a cross pavement carrier in between the armoured vehicle and your businesses' entrance. CCMS offers Next Day or Two Day guaranteed value settlement service options.

In summary, what you can expect from CCMS is a cash management and money handling solution provider who is positioned to meet the unique needs of every customer; who is fast enough to respond to client requests; who possesses the technical knowledge to get it done efficiently; and who supply top end products.
